

## Call for Proposals for 2020 KAERA Conference

You are cordially invited to submit a proposal for the 2020 Korean-American Educational Researchers Association (KAERA; <http://www.k-aera.org>) Conference in San Francisco, California on April 17 (Friday), 2020. The mission of the KAERA is to promote intellectual dialogues among scholars in broadly defined education disciplines through research that examines critical issues of the field and offers implications for education practice and policies.

The theme for the 11th KAERA conference is "***Local and Global Collaboration for the Public Good***". The conference will consist of a presidential panel session, roundtable research presentations, a SIG mentoring session, and a business meeting. All proposals will be blind-reviewed by at least two reviewers of the KAERA Program Planning Committee. The conference is open to all educational researchers regardless of nationality, country of origin, or specific fields of education. Therefore, KAERA welcomes research proposals that cover an array of topics that meet the broad needs and research interests of KAERA members and other education researchers.

A proposal between 750 and 1,000 words (excluding abstract and references) in length will be considered for the roundtable research presentations. It should include an abstract (less than 100 words) and keywords, objectives or purposes, perspective(s) or theoretical framework, methods, results, and implications or significance. Result notification will be sent out by January 15, 2020. If your proposal is accepted, you will be asked to submit a full paper by April 1, 2020.

A proposal must be submitted through the link: <https://forms.gle/iLxUA3GbwohCSHV8> by December 14, 2019. Please note that you need a Google account to submit your proposal.

Once a proposal is accepted and its full paper is submitted, it may be considered for the awards including:

- Two awards will be granted to graduate students (\$500 per award).
- One award will be granted to a young researcher(s) who earned a doctorate within six years at the moment of presentation.

In the research roundtable session and following meetings, outstanding discussants and mentors will provide useful, practical advice aimed at enhancing in-depth discussions among graduate students, junior faculty members, and other researchers. Please do not miss out on a great opportunity to meet with them at the KAERA conference.

For more information about the call for proposals, please contact the 2020 KAERA Conference Co-Chairs, Drs. Hongwook Suh ([hongwooks@gmail.com](mailto:hongwooks@gmail.com)) and Minsung Kim ([mskim0707@gmail.com](mailto:mskim0707@gmail.com)).

Best regards,
